

Impervious Straps

Morrison Medical impervious straps secure a patient to prevent further injury during transport. Straps are easily adjusted for a custom fit. Constructed of 2" coated polyester vinyl known for its strength and consistency, these straps are fluid resistant and can be cleaned and sanitized more efficiently than many other strap materials. Impervious straps have a 525 pound break strength. Morrison Medical impervious straps meet or exceed FDA requirements and KKK Specification 3.11.8.1.

- Available in orange (OR), blue (BL), yellow (YL), and black (BK)
- 525 pound break strength
